About Police Expo

The Police have two main roles to play: crime investigation and crime prevention. The policemen's job is thus to enforce laws that protect people and property.

International Police Expo has been conceptualized to present a single, specialized and dedicated platform for the technology developers, suppliers and users. It will abridge the time between identification of right and latest product for the force personnel according to their time to time requirements. Through expo, the end user, i.e. Police and other force personnel, will be able to witness the working and utility of the same. It will also enable the key decision making officers to identify the required product to combat the various situations, investigate cases and assignments to them along with the Cop Security idea in mind.

The International Police Expo 2018 focused on everything about the police & other forces, their welfare and fitness as well as showcase on latest and modern equipments, technologies and inputs required for safety and protection of society, law enforcement, rescue, disaster management and all other necessities of Police and other armed forces for their day to day life and other operations as well.

Conference will be integral part of the show where likeminded serving and retired senior officers of Police and other Forces will be discussing the various issues and topics. The sessions will be highly content rich and Will be a true learning platform for police & other officials.

About Homeland Security Expo

An International Expo on Defence and Other Armed Forces

India is among world's top five defence spenders with its military budget 50.7\$ aprx. The country has one of the largest armed forces in the world, much of which requires the modernization. India faces a range of internal and external problems like insurgencies, terrorist attacks, tensions with neighboring countries etc.

India is excellent market for Homeland Security where initiatives like Make in India, Digital India, SMART Policing, Skill India etc provides a business oriented environment to the National and International companies. On the backdrop of various demands, we are presenting 3rd edition of Homeland Security Expo at New Delhi, India. It is an international expo on Defence and other armed forces and is aimed to introduce latest equipment, technology, innovations and products for warfare, force modernization, homeland and internal security.
